

Seattle-Bremerton Ferry Schedule Survey

The Bremerton ferry schedule is currently being reviewed by members of the Bremerton Ferry Advisory Committee, ferry system planners, Kitsap Transit and Metro. The primary purpose of revising the Bremerton auto/passenger ferry schedule at this time is to find ways to rearrange the vessels and departure times to offset the upcoming loss of the passenger only service. When will a new schedule begin for Bremerton ferry riders? June 15, 2003.

Two options have been drafted and are printed on the reverse side of this paper. We'd like you to take a moment to review the two draft schedules and determine if one or both fit your needs as a ferry rider. If neither fits your needs, we provided an area where you can suggest changes.

Features of the alternative schedules:

- The sailing position of the auto/passenger ferries are reversed for the larger passenger capacity vessel to make the peak 6:20 a.m. sailing from Bremerton.
- Morning sailings are the same on both options. The current 5:15 a.m. sailing from Bremerton is moved to 4:50 a.m. to replace the current early morning passenger-only sailing. By moving this sailing earlier, we can move the current 7:45 a.m. Bremerton departure to 7:20 a.m. Although the schedules do not provide for a 5:10 a.m. sailing from Seattle, a new 6:00 a.m. sailing provides a connection for PSNS workers who need to be at work in Bremerton at 7:20 a.m.
- Afternoon sailings differ between the two options. Option #1 provides somewhat later sailings to provide similar departure times to the current passenger-only schedule. It also provides a 4:15 p.m. sailing from Bremerton for PSNS workers who get off work around 4:00 p.m. Option #2 leaves the afternoon schedule more in alignment with the current auto/passenger ferry schedule.

Ferry system staff will be on the Bremerton ferries on April 9 and 10 to answer your questions and talk about the schedule options. Thank you in advance for your feedback.
